Description

We are proud to offer an extraordinary opportunity to acquire one of the rarest and most sought-after Aston Martins in existence – the Vanquish Zagato Speedster code name PP1. One of just seven right-hand drive examples built for the UK out of the 28 made world-wide, and number 1 of 4 Pre-Production cars made, this car is an exceptional piece of automotive craftsmanship, with only 67 miles on the clock, ensuring it remains in pristine, virtually brand-new condition. The options specified on this Zagato Speedster Include: Special Out of Range Lava Red Metallic Paint, Pure Black and Spicy Red Leather Interior, Villa D'Este Package, Graduated Z Quilt, Embossed Z Logo on Headrests, Alarm Upgrade Volumetric & Tilt Sensors, Dark Anodised Black Brake Callipers, Black Textured Tailpipe Finishers, Facia Trim - Full Length Herringbone, Shadow Bronze/Anodised Gold Interior Pack, Auto Dimming Interior Rear View Mirror, Carbon Fibre Shift Paddles, Black Seatbelts, Heated Seats, Sports Seats with isofix, Side Strake in Bronze, One77 Full Leather Steering Wheel, 15-Spoke Satin Black Alloy Wheels with Bronze Faces, Black Side Window Surround. The car is powered by Aston Martin's renowned 5.9L V12 engine, producing 592 horsepower, ensuring thrilling performance. Paired with the third-generation Touchtronic, eight-speed, paddle-shift transmission, it offers a driving experience like no other, with power directed to the rear wheels for ultimate driving precision. Distinctive design elements include the iconic "Speed Humps" on the rear deck, a nod to Zagato's signature "double-bubble" roof design, and a set of blade-style rear lights inspired by the Aston Martin Vulcan track car. Bronze-finished air vent bezels, graduated "Z" quilting on the seats and door inners, and the exquisite Villa d'Este pack further elevate its exclusivity. This includes 20-inch, 15-spoke satin black diamond-turned alloy wheels with a bronze tint and bronzed anodised side strakes. With only seven right-hand drive examples produced, the sale of this Zagato Speedster represents an incredibly rare opportunity to own a piece of Aston Martin history. It's not just a car – it's a statement. Whether displayed at concours d'elegance events or enjoyed on the open road, this exceptional vehicle is guaranteed to turn heads and remains a true collector's treasure.
