

## 1999(V) BMW 840ci Sport V8

# £24,975

### Overview

Mileage	46,800 miles
Fuel Type	Petrol
Engine Size	4.4 l
Bodystyle	Coupe
Transmission	Automatic
Exterior Colour	Individual Glacier Green Metallic
Previous Owners	3
Registration	V588DPJ

### Description

The 1999 BMW 840Ci Sport represents the closing chapter of one of BMW's most iconic grand tourers. As part of the legendary E31 8 Series lineage, the 840Ci combined V8 refinement, pillarless coupe styling, and advanced engineering that was far ahead of its time. This particular example is extraordinarily rare. Finished in BMW Individual Glacier Green — believed to be one of just three cars produced in this colour worldwide — it is also documented as one of the final three E31 models ever built, marking it as a true end-of-production collector's piece. **PERFORMANCE & DRIVETRAIN:** 4.4-Litre M62 V8 Engine Approx. 292 PS (286 BHP) 5-Speed Steptronic Automatic Transmission Rear-Wheel Drive M-Sport Suspension Package Limited Slip Differential (Sport specification) The 4.4-litre V8 delivers smooth, effortless power with classic naturally aspirated character — perfectly suited to the 8 Series' grand touring ethos. **SPORT SPECIFICATION:** The Sport model represented the ultimate evolution of the 840Ci, featuring: M-Technic Aerodynamic Styling Shadowline Exterior Trim M Sport Steering Wheel with "M" Stitch Pattern Electrically Adjustable Sports Seats with Memory BMW Style 21 Staggered "Throwing Star" Alloy Wheels Lowered M-Sport Suspension Subtle yet purposeful, the Sport trim enhances the E31's already timeless proportions. **BMW INDIVIDUAL - GLACIER GREEN:** The rare Glacier Green Individual paintwork gives this car remarkable presence. In different light it reveals subtle metallic depth, perfectly complementing the sculpted flanks and pillarless coupe silhouette. As one of only three finished in this colour — and one of the final three cars produced — this example sits in an exceptionally small production subset of an already limited model. **INTERIOR & CRAFTSMANSHIP:** Full Nappa Green Leather Upholstery Electrically Adjustable Front Seats Electrically Operated Sunroof Rear Window Electric Blind Dual-Zone Climate Control BMW Business Radio (6 CD Changer) On-Board Computer Classic BMW Driver-Oriented Dashboard Layout The cabin reflects late-1990s BMW engineering at its peak — solid, understated, and designed with long-distance comfort in mind. **ADDITIONAL DETAILS:** Year: 1999 Model: BMW 840Ci Sport (E31) Exterior: BMW Individual Glacier Green Production Rarity: 1 of 3 in this colour Significance: One of the final 3 E31s produced Engine: 4.4L Naturally Aspirated V8 Transmission: Steptronic Automatic Mileage: 46,800m Ownership: 3 Previous Condition: Collector Grade / Exceptional The E31 8 Series has long been recognised as a future classic — a technological flagship that showcased BMW's engineering ambition in the 1990s. Late-production Sport models are already highly sought after, but examples with: Documented end-of-line production status Ultra-rare BMW Individual specification Low surviving numbers ...sit in an entirely different category. This is not simply a 840Ci Sport — it is one of the final examples of an era-

defining BMW flagship, finished in a near-unrepeatable specification.
