2008(08) Ferrari 430 Scuderia

£474,975

Overview

Mileage	4,100 miles
Fuel Type	Petrol
Engine Size	4.3 l
Bodystyle	Coupe
Transmission	F1
Exterior Colour	Nero Daytona
Previous Owners	2
Registration	FN08EKE

Description

The Ferrari 430 Scuderia represented the ultimate evolution of the F430, developed as a lighter, faster and more focused version of Ferrari's mid-engined V8 supercar. This 2008 example captures the essence of the Scuderia in its purest form, combining Ferrari's naturally aspirated 4.3-litre V8 with significant weight reduction, rear-wheel drive and sophisticated electronic chassis systems. Developed with input from Michael Schumacher, the 430 Scuderia was engineered to deliver a driving experience closer to Ferrari's racing cars, while retaining the ability to be driven on the road. With its aggressive aerodynamic design, lightweight construction, signature Scuderia details and unmistakable V8 soundtrack, the 430 Scuderia remains one of the most desirable modern Ferraris. PERFORMANCE & DRIVETRAIN: 4.3-Litre Naturally Aspirated V8 510 CV / 503 BHP 470 Nm Torque 0–62 mph in approximately 3.6 seconds Top Speed: 198 mph 6-Speed F1 SuperFast2 Automated Manual Transmission Rear-Wheel Drive F1-Trac Traction Control Electronic Differential (E-Diff) Manettino Driver Control System Magnetorheological Suspension Carbon Ceramic Brakes High-Performance Exhaust System EXTERIOR SPECIFICATION: Paintwork in Nero Daytona Racing Livery in Grigio Scuderia Ferrari Shields 19" Lightweight Forged Alloy Wheels High-Performance Carbon Ceramic Brakes Rosso Corsa Brake Callipers Gloss Carbon Fibre Exterior Mirrors Gloss Carbon FIbre Rear Light Panel Bi-Xenon Headlights The 430 Scuderia's design is instantly recognisable, with its aggressive aerodynamic treatment, lightweight components and motorsport-inspired details giving the car an unmistakable road presence. INTERIOR & DRIVER FOCUS: Carbon Fibre Racing Seats Alcantara Upholstery Carbon Fibre Steering Wheel with LEDs Hand-Held Fire Extinguisher Carbon Fibre Interior Trim Alcantara Steering Wheel Manettino Steering Wheel Control Lightweight Carbon Fibre Door Panels Carbon Fibre Centre Console Aluminium Pedals Air Conditioning Electric Windows Ferrari Audio System Central Locking The cabin continues the Scuderia's motorsport philosophy, with extensive use of carbon fibre and Alcantara creating a focused environment while retaining the essential comforts required for road use. CHASSIS & TECHNOLOGY: The 430 Scuderia was engineered with one overriding objective — to deliver maximum performance and driver involvement through a combination of reduced weight, advanced electronics and Ferrari's motorsport-derived engineering. Lightweight Construction Aluminium Spaceframe Chassis Magnetorheological Suspension F1-Trac Traction Control Electronic Differential Carbon Ceramic Brakes High-Performance Steering Optimised Aerodynamics Revised Suspension Geometry Lightweight Forged Wheels The result is an exceptionally agile and responsive Ferrari, with the reduced weight and sophisticated electronic systems allowing the Scuderia to exploit the performance of its naturally aspirated V8 to the fullest. TECHNOLOGY & DRIVER ASSISTANCE: Manettino Driver Control System F1-Trac Electronic Differential Magnetorheological Damping F1 SuperFast2 Transmission Ready-Kit for use of iPod Audio Navigator System with Bluetooth Tyre Pressure Monitoring System Carbon Ceramic Braking System Climate Control Electric Windows Central Locking Immobiliser & Alarm Ferrari Audio System Scuderia Instrumentation ADDITIONAL DETAILS: Year: 2008 Model: Ferrari 430 Scuderia Engine: 4.3-Litre Naturally Aspirated V8 Power: 510 CV / 503 BHP Torque: 470 Nm Transmission: 6-Speed F1 SuperFast2 Drivetrain: Rear-Wheel Drive 0–62 mph: Approx. 3.6 Seconds Top Speed: 198 mph Mileage: 4,100 Miles Owners: 2 Previous Service History: Comprehensive Ferrari Service History Condition: Exceptional Price: £474,975 The Ferrari 430 Scuderia is one of the defining driver's cars of Ferrari's modern history. Its combination of a naturally aspirated 4.3-litre V8, 503 BHP, lightweight construction, F1 SuperFast2 transmission and sophisticated electronic chassis systems created a car that was considerably more focused than the

standard F430. The Scuderia also represents the end of an important era for Ferrari — a time when high-revving naturally aspirated engines, lightweight construction and a mechanical connection between driver and machine were at the heart of the brand's most exciting road cars. With its 510 CV V8, 198 mph top speed, aggressive styling and motorsport-inspired interior, the 430 Scuderia offers an experience that few modern Ferraris can replicate.
