

2022(72) Porsche 911 GT3

£139,975

Overview

Mileage	28,000 miles
Fuel Type	Petrol
Engine Size	4 l
Bodystyle	Coupe
Transmission	PDK
Exterior Colour	Crayon
Previous Owners	1
Registration	RX72YPE

Description

The Porsche 911 GT3 (992) represents one of the purest expressions of Porsche's motorsport heritage, combining a high-revving naturally aspirated flat-six engine with race-derived chassis technology, precision engineering and unmistakable 911 styling. Developed by Porsche Motorsport, the 992-generation GT3 introduced a double-wishbone front suspension derived from the 911 RSR race car, alongside extensive aerodynamic development and a more powerful engine, creating one of the most accomplished road-going driver's cars of its generation. This 2022 example represents the first model year of the 992 GT3, offering an exceptionally focused driving experience while retaining the build quality and usability expected of a modern Porsche. Powered by a 4.0-litre naturally aspirated flat-six producing 510 PS, the GT3 combines extraordinary throttle response with a sensational high-revving soundtrack and a chassis engineered to deliver remarkable precision. Whether enjoyed on the open road or driven on circuit, the 992 GT3 offers a compelling connection between road-going performance and Porsche's competition-bred engineering. PERFORMANCE & DRIVETRAIN: 4.0-Litre Naturally Aspirated Flat-Six 510 PS / 503 BHP 470 Nm Torque 0–62 mph in approximately 3.4 seconds Top Speed: 198 mph 7-Speed PDK Dual-Clutch Transmission Rear-Wheel Drive Rear-Mounted Engine Porsche Active Suspension Management (PASM) Active Aerodynamic Rear Wing Porsche Stability Management (PSM) The GT3's naturally aspirated 4.0-litre flat-six is the heart of the experience, revving to 9,000 rpm and delivering its power with exceptional immediacy. Its motorsport-derived character rewards commitment and precision, while the rear-wheel-drive layout and finely developed chassis provide outstanding balance and feedback. The result is a car that feels every bit as special on a demanding road as it does on a circuit. EXTERIOR SPECIFICATION: Special Crayon Paintwork Full Paint Protection Film Lightweight Carbon Fibre Roof Porsche Dynamic Light System Plus (PDLS Plus) Painted Carbon-Fibre Front Bonnet Front Axle Lift System Centre Locking Alloy Wheels in Satin Black Exterior Mirror Upper Trims in Carbon Fibre Distinctive Swan-Neck Rear Wing 'GT3' Side Decals in Gloss Black Gloss Red Brake Callipers High-Performance Braking System LED Daytime Running Lights 'PORSCHE' LED Door Courtesy Lights Exclusive Design Fuel Filler Cap The 992 GT3's exterior design is driven by aerodynamic efficiency as much as visual impact. The prominent swan-neck rear wing, carefully sculpted front end and functional air intakes reflect the model's motorsport development, while its wider stance and distinctive GT3 proportions give it an unmistakable presence. Every major aerodynamic element has a purpose, contributing to stability and performance at speed. INTERIOR & LUXURY: Black Leather and Race-Tex Upholstery Adaptive Sports Seats Plus (Heated) 18-Way Electrically Adjustable Seats with Memory Contrast Stitching in Shark Blue Race-Tex GT Sports Steering Wheel Carbon Interior Package (High-Gloss) Light Design Package Sport Chrono Package Including Preparation for Lap Trigger Storage Package Sun Visors in Race-Tex Seat Belts in Shark Blue Porsche Communication Management (PCM) Satellite Navigation Porsche Connect Services Apple CarPlay The GT3's cabin is designed around the driver, with a purposeful layout that combines Porsche's familiar build quality with a distinctly sporting atmosphere. The driving position, steering wheel and instrument display keep the focus firmly on the road, while the available sports or carbon-fibre bucket seats provide support suited to more enthusiastic driving. Despite its track-focused engineering, the 992 GT3 remains a usable and sophisticated modern sports car. CHASSIS & ENGINEERING: The 992 GT3 introduced one of the most significant chassis developments in the model's history, incorporating a double-wishbone front suspension derived from Porsche's 911 RSR race car. Combined with lightweight construction, advanced aerodynamics and extensive motorsport

development, it delivers exceptional precision, stability and driver confidence. Double-Wishbone Front Suspension Multi-Link Rear Suspension Porsche Active Suspension Management (PASM) Rear-Wheel-Drive Configuration Porsche Stability Management (PSM) Centre-Lock Lightweight Alloy Wheels High-Performance Braking System Active Aerodynamic Rear Wing Lightweight Front Bonnet Motorsport-Derived Chassis Tuning High-Speed Aerodynamic Stability The combination of double-wishbone front suspension, carefully calibrated damping and substantial aerodynamic development makes the 992 GT3 remarkably precise. Its chassis communicates the road surface clearly, while the rear-engine layout provides excellent traction and distinctive handling characteristics. It is an engineering package designed to reward the driver rather than simply deliver impressive headline figures. TECHNOLOGY & EQUIPMENT: Porsche Communication Management (PCM) Satellite Navigation Porsche Driver Information Display Porsche Stability Management Porsche Active Suspension Management Porsche Communication and Connect Services Apple CarPlay Bluetooth Telephone Connectivity Automatic Climate Control Cruise Control ParkAssist (Rear) Including Reversing Camera Electric Windows Electrically Adjustable Mirrors Tyre Pressure Monitoring System Remote Central Locking Alarm and Immobiliser ADDITIONAL DETAILS: Year: 2022 Model: Porsche 911 GT3 (992) Engine: 4.0-Litre Naturally Aspirated Flat-Six Mileage: 28,000 Miles Owners: 1 Previous Full Paint Protection Film Service History: Full Porsche History Condition: Excellent Price: £XXX,XXX (POA) The Porsche 911 GT3 (992) is one of the defining driver's cars of its generation, combining a naturally aspirated 4.0-litre flat-six with race-derived suspension technology and an extensively developed aerodynamic package. Its 9,000 rpm capability, precise steering and exceptional chassis balance create an experience that remains increasingly distinctive in a world of turbocharged and electrified performance cars. This 2023 model year example offers the opportunity to experience the first iteration of Porsche's latest-generation GT3, with its double-wishbone front suspension, swan-neck rear wing and motorsport-inspired engineering. Whether specified with the rapid PDK transmission or the engaging six-speed manual, the GT3 delivers a uniquely involving connection between driver, car and road. With its naturally aspirated engine, purposeful styling and proven circuit capability, the 992 GT3 stands as a compelling modern Porsche for enthusiasts who value precision, engineering and driving enjoyment above all else.
